Accurate timing is the most critical factor in the success of breeding. We prefer progesterone testing with results in ng/ml. We ask that as you begin testing, you stay in contact and communicate your results to us as you receive them. This will help us plan for collection and shipping, or meeting with you in person. Shipping charges are the responsibility of the bitch owner and may be paid with either a Fed Ex account or a credit card. Savidge Labradors is NOT responsible for loss of semen during shipping or late arrival. As the stud owner(s), we retain the right to refuse a breeding at any time.
